*Plaintiffs,*

-against-

MEDICAL MARIJUANA, INC., DIXIE  
HOLDINGS, LLC, RED DICE HOLDINGS, LLC,  
and DIXIE BOTANICALS,

*Defendants.*

Civil Action No.

15-cv-00701-FPG-MJR

Hon. Frank P. Geraci, Jr.  
Chief U.S. District Judge

**Voir Dire Information**

**1. Short Description of the Case**

Plaintiff Douglas J. Horn brought this action to recover damages allegedly sustained when he was terminated by his employer after testing positive for THC. Plaintiff alleges that the positive THC test was caused by his consumption of a product called “Dixie X CBD Dew Drops 500 mg Tincture.” Testimony will be elicited showing that defendant Medical Marijuana Inc. imported and tested the unrefined hemp paste, and provided management, investing and consulting services, that defendant Dixie Elixirs manufactured the product, and defendant Red Dice Holdings, LLC sold the product.

Plaintiff’s only remaining causes of actions against the defendants are those he has styled as “COUNT II – RICO VIOLATION” and “COUNT III – Fraudulent Inducement.” Plaintiff alleges that he consumed the product at issue while relying on representations made by the defendants that the product did not contain THC. Plaintiff alleges that the product did contain THC and it caused him to test positive for THC, resulting in termination from his employment. Plaintiff claims monetary damages against the defendants allegedly related to his termination.

Defendants have taken the position that the plaintiff cannot recover under these causes of action as he cannot prove that the product he consumed contained THC, that the product caused his positive test for THC, that defendants knew that the product contained THC, that the defendants

knowingly misrepresented that the product did not contain THC, or that the plaintiff relied on representations that the product did not contain THC in deciding whether to consume the product.
